### From your Membership Committee:

We are determined to have 2010 be another very successful year for SRRRC membership. As we all know, it takes everyone working together to make sure we have a viable and interesting organization. Our goal this year is to increase our membership and to be able to draw additional corporate members to our group as well. If you know of someone who is a potential member of SRRRC and would like our help in talking with them, their management, or any other support we might provide, please let us know.

We have a marketing plan and are already putting some of those steps into action. We will be sending out mailings about SRRRC, doing phone calls, and holding small luncheons to introduce our executive committee to potential members. Our goal is to show them a tiny slice of what is available through their joining SRRRC.

Please contact any committee member if you have questions or potential candidates for membership.

### Communications and Historian

This is your newsletter, and we value your opinions. Many members have asked for the newsletter, and it's back! We do need help with this project though. Please volunteer to be a part of preserving the SRRRC history, almost 25 years of it. You may not be aware, but the wonderful SRRRC scrapbook that Mary Lou Lee created for herself and loaned us "disappeared" a few years back while not in her possession, and it cannot be recovered ... many have tried. If you have historical photos that you can scan and send in, it would be appreciated. Going forward, we do need reporters and photographers at our upcoming conferences.

If you can volunteer, please let Sherry Yerger know that you want to be a member of the Communications/Historian team.
